HOW TO DETERMINE HER RINGSIZE

Carefully follow the instructions below to ensure accurate measurements.

1. Print this page out ensuring that the page scaling is set to 'none' in your print dialogue box.
2. Use a ruler to compare to the measurements below to ensure the document has printed at 100%
3. If there is a discrepancy check your print settings and reprint the page at full size
4. Select a ring that properly fits the intended finger. Her 'ring finger' is between the little and middle finger on the left hand.
5. Place the ring over the circles below matching the inside edge of the ring to the circle closest in size. If the ring falls between two sizes be sure to order the larger size.
